"The Competition Commission has dismissed allegations of unfair business practices against the producers of Vidya Balan-starrer Kahaani 2 movie, which was released last year. K Sera Sera Digital Cinema had moved the regulator after the film's producers — Pen India and Boundscript Motion Pictures — refused to provide the movie to it for exhibition. Among others, it was alleged that the movie was given only to UFO Moviez India and Real Image Media Technologies," reported [PTI](#).

[Agarwal Law Associates](#) partner [Rishi Agrawala](#) and associate [Mayank Sapre](#) and [Naik Naik & Co](#) associate [Rahul Mehta](#) acted for Pen India.

[Chandhiok & Associates](#) founding partner [Karan Singh Chandhiok](#) briefed senior advocate [Gopal Jain](#) for UFO Moviez.

[Cyril Amarchand Mangaldas](#) partner [Bharat Budholia](#), principal associate [Anisha Chand](#) and associate [Smita Andrews](#) acted for Real Image Media.

The Commission agreed with Pen India that not only was there no evidence of existence of any anti-competitive agreement with the current distributors, but also that it would be counterintuitive for Pen to give Kahaani 2's distribution rights to K Sera Sera just days after a copy of Force 2 was leaked in online piracy and the source of the pirated copy appeared to have originated with K Sera Sera.
